

Key Programming Software Update

Fiat* ADS2327 - Code D756606AD | February 2026

Now programs keys for the IVECO DAILY with a Secure Gateway Module

Advanced Diagnostics is pleased to announce the release of an updated key programming solution for popular commercial vehicles from the Stellantis Group like the Fiat Ducato, Peugeot Boxer and Opel Movano.

What does the software do?

All keys and remotes will be erased before programming new ones. The software bypasses the security pincode and programs the remote and

the transponder at the same time. No working key is required. The ADC2026 Gateway Bypass Cable is necessary to program the Iveco Daily.

What else is needed?

Smart Pro

ADC2026
Gateway Bypass Cable

Silca remote
SIP22R07

Cable and key use depends on specific model

OFFER DETAILS

Cable	ADC2000
Smart Aerial+ required	Yes
Software category	A
Other accessories required	ADC2026 (certain applications only)
